

To Whom it may concern,
I have been a subscriber to XM radio for about two years now and find it to be one the best inventions in recent years. I've converted a number of my friends to XM, and they all have the same opinion. Please reject NAB's petition 04-160. I pay for my XM service the NAB should not dictate what I am allowed to hear. The traffic and weather broadcasts have come in handy on numerous trips across the country and have been very reliable.

Respectfully,

Mike Perez
Loyal XM listener
